

# Clean CA Update

IDCon24 Presentation

[www.CleanCalifornia.com](http://www.CleanCalifornia.com)

- 
- **ERADICATE** Litter
  - **ENGAGE** Community
  - **ENHANCE** Infrastructure
  - **EDUCATE** the Public

# LITTER ABATEMENT

- From the beginning of the Clean California program, Caltrans field maintenance and Clean California crews have collected over 2.3M cubic yards of litter as of March 2024.
- **Over 650 spans of the Golden Gate Bridge**
- **Filling the Rose Bowl more than 4x**

## DIVERTING WASTE STREAMS FROM THE LANDFILL

Caltrans has built partnerships with CalRecycle, The Mattress Recycling Council, and the cement and crumb rubber industries to collect and recycle mattresses and tires at dump day events. By diverting the waste from landfills, Caltrans increases landfill capacity and benefits the environment by creating a second use for these materials.

## STATE BEAUTIFICATION PROJECTS MAP

**153**  
Total  
Projects

---

## Clean California Community Days

- The purpose of CCCD is to inspire an actionable change in behavior for All Californians by producing a statewide event to unite and transform communities' while boosting pride, abating litter, beautifying communal spaces, and protecting the environment

"Clean California is empowering communities and restoring pride in our shared spaces up and down the state, and I thank the thousands of Californians who banded together for the Community Days events to beautify and transform their neighborhoods by making a difference at the local level, we are helping create a cleaner, more beautiful California for all."

— Governor Gavin Newsom

# CLEAN CA COMMUNITY DAYS
